

**I did not sell
my RSUs. Do they
still matter for ITR?**

Selling is not the only moment that counts.

Holding is not selling

Vesting and holding are different from selling.

Vesting leaves records

Vested shares may create income records.

Foreign means disclosure

Foreign-held shares may create disclosure questions.

Selling adds a layer

Sale creates another layer: capital gains or losses.

**Do not wait until you sell to organize
your RSU records.**
